R. H. EDDY.

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington,
(under the Act of 1837.)
No. 76 State St., opposite Kilby St.,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON
Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.

EDMOND BURKE.
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

SUPER PHOSPHATE OF LIME.

THE Undersigned agent in Newport for J. J. Mapes, offers for sale the above named valuable fertilizer. The experience of several years in various localities has proved it the most reliable and economical of fertilizers, cheaper, surer, and more lasting in its effects than Peruvian Guano, not so stimulating and productive of fruit and grain rather than leaves and foliage. As a top dressing for meadows, pastures and lawns it has no equal. It is cheaper than bought stable manure, more easily applied, and has the great advantage of producing neither weeds or insects, while it is injurious to many species of the latter. Any information will be given upon application, and certificates of its value can be shown—proving that for the farmer and gardener its effects are most desirable. E. W. LAWTON,
may22 128 Thames Street.

To Rent for the Summer of 1863.

THE SUBSCRIBER offers for rent during the coming Summer months, his estate at the corner of Broad and Bull streets, embracing about two acres of land. There is a large stable and carriage-house, pasture lots and vegetable garden, with fruit and ornamental trees. The house is comfortably furnished, has water and vapor baths, water-closets, gas, furnace, &c. Apply to Alfred Smith Esq., or the undersigned.

STATE OF RHODE ISLAND, &C.

ADJUTANT GENERAL'S OFFICE,
Providence, June 16, 1863.

General Orders No. 16.

The President of the United States having made a requisition upon this State for volunteers to serve for a period of six months unless sooner discharged, to resist the threatened invasion of the free States by those in arms against the government.

It is ordered:—

I. That three regiments of Infantry and one regiment of Cavalry be organized without delay to respond to the call which has been made.

II. The commanding officers of all chartered companies, or companies of militia, are directed to act as recruiting officers. They will open their armories for such purpose, and make daily reports to this office of the number of able-bodied men who shall volunteer for service.

III. A camp of rendezvous will be established upon the Dexter Training Ground, to which place all men will be forwarded as soon as recruited. The Quartermaster General will furnish the necessary transportation and subsistence upon the proper requisition.

IV. As soon as a sufficient number of men to form a company have reported for service at camp, they will proceed to the election of company officers, and the persons elected will be commissioned, if approved by the Governor. As soon as ten companies have been formed they will be organized into a regiment, mustered into the service, and dispatched to the field. The organization of the troops into companies and regiments and the command of the camp of rendezvous will be under the charge of Major General Charles T. Robbins.

V. There will be raised for the special service required by the President of the United States, three regiments of Infantry and one regiment of Cavalry, which will be designated as the 13th, 14th and 15th regiments of Infantry and the 3rd regiments of Cavalry.

The 13th regiment will be under the command of Colonel Nelson Viall; the 14th regiment will be under the command of Lieut. Colonel Nathan Goff, Jr; the 15th regiment will be under the command of Brigadier General George L. Cooke; and the 3d regiment of cavalry will be under the command of Colonel Willard Sayles.

VI. The Governor earnestly appeals to the citizens of the State to give a hearty and prompt response to the call which is now made upon our patriotism. A successful invasion of the free States will be followed by most disastrous consequences to our cause, while on the other hand if the enemy is signally repulsed in this last desperate attempt upon which necessity has driven him to stake his all, the advantages to us will be among the most important of the war. To citizens who may volunteer for the service which is now so urgently required an exemption will be enjoyed from the impending draft under the conscription act of Congress, and the State will be credited upon her quota with the number of men which may volunteer. In no way therefore can the citizens of the State be more easily relieved from the common burden of the wa than by promptly responding to this call for a service which, while it is of the greatest value to the General Government, will be the least onerous to ourselves.

By order of the Commander-in-Chief.

EDWARD C. MAURAN,
Adjutant General.

MEXICAN EXAMPLES.

If the report of the circumstances under which Puebla was taken is true, and we see no reason to doubt it, the Mexican force set a very honorable example on that occasion.

1. They did not surrender until their ammunition was expended and they had eaten the horses and mules of their artillery and cavalry.

2. The officers refused to be neutralized in their country's death-struggle, at the will of their captor.

3. They broke up their artillery before capitulating, to diminish the fruits of the victory for their opponents.

To this list of good examples we may add the very honorable and commendable frankness of their government, which at once announced the disaster which it had sustained, and threw itself for support upon the courage and resolution of the nation,—and not in vain, as we trust will appear by the sequel.

To PHYSICIANS.—Mr. Speer takes the liberty of requesting physicians to institute an examination of the merits of his Sambuci Wine. The Wine is the pure juice of a Portugal variety of Sambuco grape, cultivated by him for the purpose, and is now successfully used and prescribed by many physicians in the large cities, who have fully tested it and who regard it as peculiarly adapted to their mode of practice.

The following testimonials as to its virtues as a medicinal wine, are among the many which he has received, and which an acquaintance with the parties will, we think satisfy our readers are entitled to much consideration.

New York, Oct. 18th, 1862.

This certifies that I have been in the habit of using the Sambuci wine produced by A. Speer in Passaic, N. J., from the Portugal grape, and have found it an excellent stomachic and fine gentle stimulant and tonic. It is especially useful in cases of great nervous debility in lung and stomach weaknesses.

A. D. WILSON, M. D., 11th street, N. Y.

New Bedford, Mass., July 25, 1862.

Alfred Speer,

Dear Sir:—I have used your Sambuci wine to my entire satisfaction, and believe it to be superior to all wines of common importation, which have been so much used by the profession heretofore.

E. R. SISSON, M. D.

In addition to the above he respectfully refers to Dr. Erastus E. Marcy of New York, who also uses the Wine.

A copy of the analysis will be sent, if requested, by any physician.

Mr. Speer can be addressed at his Vineyard, Passaic, N. J. The wine can also be had at druggists.

THE MILITARY MEETING LAST NIGHT.—In accordance with the call of Maj. John S. Engs a meeting of the 1st, Batallion of the 1st. regiment R. I. Militia was held at Harmony Hall in this city at 8½ o'clock last evening. General order No. 16 and the orders from the Brigade Headquarters having been read, a discussion regarding the object of the meeting was invited, after which reports were received from the commanders of companies respecting the progress of their general corps in recruiting. The meeting was addressed by Major Engs, who urged an immediate compliance with the request of the Government for volunteers in the present emergency and stated his desire that the Batallion should volunteer *en masse* for six months. Capt. Lawton of the Aquidneck Infantry also addressed the meeting stating his disposition to volunteer in any capacity and his hope that a full company, at least, would leave Newport within a few days. No further discussion took place and the meeting was dismissed.

"LA SOMNAMBULA."—By reference to our advertising columns it will be observed that the Holman National Troupe appear next Wednesday evening in the Opera of La Somnambula. The troupe have been playing in Boston for the past few weeks, and according to the press of that City, the New Tremont has been nightly crowded, with the "elite" and musically fastidious. The *Journal* asserts that the Troupe is one of the best that has been in Boston, and speaks of Miss Sallie, and the little fairy Jula, in the highest terms of praise. Miss Sallie renders all the difficult music of the Opera, with an exact precision and extraordinary power, which would do honor to the best artists in the country. We hope to see a large audience in attendance, to welcome the return of these young artists to Newport.

THE FINE ARTS.—Viti Brothers Great Sale of elegantly carved Alabaster stone vases, imported from Italy, will take place, on Thursday morning and evening, June 25th inst, at 10 a. m. and 7 p. m., at the store No. 115 Thames St., at the foot of Church St.

The room will be open to visitors Tuesday evening, and all day Wednesday and evening. The sale will be conducted Mr. F. Stanhope.

PROVIDENCE.

In compliance with the orders of Gen. Balch, the several regiments composing the Second Brigade Rhode Island Militia assembled at places designated in General Orders, to consider what should be done under the call for troops.

The First Regiment assembled in Howard Hall last evening in accordance with the call issued, Lieut. Col. Wm. W. Paine presiding. Addresses were made by Rev. Mr. Woodbury, J. C. Collins, Esq., Col. Nelson Viall of the Thirteenth Regiment. At the close of the meeting the companies made a short street parade.

The Fourth Regiment met in Roger Williams Hall, but without action, Col. Viall adjourned the meeting to this evening, at 7½ o'clock.

The sense of the Regiment was expressed in the following preamble and resolution, which were adopted unanimously:

WHEREAS, The Government has appealed to us, through the honored Executive of our State, to come forward to the succor of the cause of constitutional liberty, under terms of remarkable liberality; therefore

Resolved, That we, officers and members of the Sixth Regiment, will heartily and to the extent of our power respond to this call, and rally to the support of the government through the military organizations that have been projected in this State, under officers whose conduct in the field command our warmest confidence and approval.

MILITARY AND CITIZENS' MEETING.—A meeting was called by Col. Daniels at Armory Hall, Thursday evening. There was not a very large number of men present. Earnestness, rather than enthusiasm, was characteristic of the gathering.—Speeches were made by Col. Daniels, Hon. James Davis, Hon. W. W. Blodgett, Daniel Hale, Esq., Wm Newell, Esq., and Capt. Lysander Flagg.—Brief remarks were also made by Gen. Arnold and Major McCloy.

Col. Daniels then dismissed the meeting and invited the citizens and military to be at the Armory on the succeeding (Friday) evening.—*Ibid.*

Woonsocket.

The growing crops throughout this season have much improved since the late rains, but they are still backward for the season. From observation and inquiry we are led to believe that grass promises well.

THE ENROLLMENT.—On Wednesday some of the laborers at Mr. Harris' new factory refused to give their names to the enrolling officer. Yesterday morning Deputy Marshal Pierce went up there and told them the consequences of such refusal, when they all quietly submitted to the requirement.

The Woonsocket Rifles met at the Armory on Tuesday evening for the election of officers to fill vacancies.—*Ibid.*

South Kingstown.

On the 11th instant, Philip Yost, a child four years old, son of Charles Yost, a member of the 12th Rhode Island regiment, was drowned at Peace Dale. It is stated that the father lately wrote to his wife, asking her to care for the children, as he had just dreamed that one of them was drowned. The Narragansett *Times* gives the above fact.

GENERAL ASSEMBLY.

SPECIAL SESSION—AT PROVIDENCE.

FRIDAY MORNING, June 19.

The Senate met at 10 o'clock, His Excellency Governor Smith in the Chair.

Mr. Eames presented the report of the joint special committee on the proclamation and the communication of the Governor, with the following bills:

An Act to promote further enlistments into the military service of the United States.

It is enacted by the General Assembly as follows:

Section 1. The Governor is authorized and directed to pay to each volunteer who shall enlist into the military service of the United States from this State to fill up any regiment, battalion or company now in the service of the United States, or who shall enlist in response to any call hereafter to be made by the President of the U. States upon this State for military force during the present rebellion, not exceeding the term of three years, a bounty not exceeding one hundred and fifty dollars, which bounty shall be paid in such sums and at such times as the Governor shall deem proper.

Sec. 2. The Governor is also authorized and directed to pay to each volunteer who shall, on or before the 4th of July next, enlist in the service of the United States, from this State, under General Order No. 16, issued by the Commander-in-Chief, for a period of six months, unless sooner discharged, a bounty of $50, which bounty shall be paid in such sums and at such times as the Governor shall deem proper.

Sec. 3. For the purpose of this Act the General Treasurer is authorized by and with the advice of the Governor to issue the bonds of the State for an amount not exceeding $—— and in such sums as the Governor shall direct, bearing interest not exceeding six per cent per annum, payable in— years from the — day of —— 1863, which bonds shall not be issued and sold by the General Treasurer at less than their par value, interest on said bonds to be payable semi-annually. Coupons for the payment of the same signed by the General Treasurer shall be attached to said bonds. Said bonds shall be signed by the General Treasurer and countersigned and registered by the Secretary of State.

Sec. 4. All other Acts and parts Acts, which authorize the payment of bounties to volunteers enlisted into the service of the United States from this State, are hereby repealed.

Sec. 5. This Act shall take effect from and after the passage thereof.

An Act authorizing the Commander-in-Chief to suspend for a limited period the operation of Chapter 424 of the Revised Statutes—"Of Discipline, Inspection, Training and Review."

It is enacted by the General Assembly as follows:

Sec. 1. The Commander-in-Chief is authorized by General Order to suspend the operation of so much of Chapter 424 of the statutes of this State as requires the enrolled militia to meet for instruction, inspection and drill at company, regimental and brigade training until the next January session of the General Assembly.

Sec. 2. This act shall take effect from and after the passage thereof.

On motion of Mr. Brayton, of Warwick, the first Act was taken up by sections.

Mr. Stevens, of Newport, moved that the sum of $300 be inserted in the first section of the first Act in place of the sum of $150.

Mr. Shove, of Pawtucket, moved an amendment, making the amount $200.

The vote was taken upon the largest amount first.

The sum of three hundred dollars was substituted for the sum of $150 by the following vote:—Ayes 19—Noes 12.

A motion was made that the above vote be declared unanimous, which was adopted.

The first and second sections were ordered to stand as parts of the bill.

The blanks in the third section were filled by fixing the amount for which bonds are to be issued at of one million dollars; and by fixing the time within which the same are payable at thirty years from the 1st day of July 1863.

The 3d, 4th, and 5th sections were ordered to stand as parts of the bill.

The bill was made the special order of the day.

Mr. EAMES moved its passage and called for the ayes and nays when the bill passed by a unanimous vote.

All the Senators who voted "No" upon the amendment offered by Mr. Stevens to the 1st Section of the bill, were by vote, at their own request, allowed to change their votes to "Aye," in consequence of a misapprehension having existed at the time of voting.

The second bill was taken up, read by sections and passed.

The following bills were received from the House and referred to appropriate committees

Rule suspended and act read and passed. The act provides for an additional assessment annually of six cents on each $100 of the ratable property of the State, according to the new valuation.

Mr. Remington, of Burrillville, moved that the House adjourn until 2 1-2 o'clock. Lost.

Mr. Blodgett, of Pawtucket, raised a point of order that it was incompetent for this Assembly to strike out certain words in an existing statute, and insert others in place thereof.

On motion of Mr. Weeden, of Westerly, the act was temporarily laid upon the table.

An Act to promote further enlistments into the military service of the United States, (from the Senate) was read.

The rules being suspended, Mr. Sheffield of Newport, offered an amendment providing that no part of the act shall be so construed as to entitle commissioned officers to receive a bounty. The amendment prevailed.

Newport Daily News.

INVASION.

Latest from Pennsylvania and Maryland.

PHILADELPHIA, June 20.

A gentleman who reached Baltimore by the Frederick train this morning, who left Hagerstown late Tuesday afternoon reports passing through the rebel pickets on the road as far east as Boonsboro and vicinity and says Hagerstown itself seems to be permanently occupied by some 3000 troops, mainly from North Carolina under Gen. Rhodes.

A Major Osborne is acting as Provost Marshal, from whom passes have to be obtained to leave town. The Washington hotel and others are crowded with their officers who are paying four dollars per day in rebel money. The forces that have gone into Pennsylvania are under Jenkin and are said to be returning, bringing with them a large number of horses, mules and a few cattle. They also brought back a large number of negroes who they alleged had run away from their masters in Virginia and Washington County Maryland. Those belonging about Hagerstown were being returned to their rebel owners and those said to be from Virginia were sent back under guard.

Horses and other property taken from citizens of Maryland have been returned to them and every effort has been made to make their stealing as little offensive as possible to "my Maryland." It was said that considerable infantry force was posted on the Virginia side near Williamsport, some seven miles from Hagerstown, but of this our informant could not positively speak. It was reported that another infantry force was located near Antietam or Shepherdstown, about to cross.

The position of Gen. Ewell or the main body of his corps seems to be unknown. Our informant could not learn that he had made his appearance in Maryland at all, or near to it, although it was said at Hagerstown that the conciliatory policy alluded to was distributed by him. The hope of obtaining recruits in Maryland is no doubt the secret of this conciliatory policy.

STILL LATER FROM THE ENEMY.

NEW YORK, June 20.

The *Herald's* Washington despatch says nothing has been seen of the enemy since the skirmish at Aldie, on Wednesday evening 15 miles northwest of Bull Run. It is evident that the main portion of Gen. Lee's force are still near the Gaps of the Blue Ridge Range, but on which side of the mountains it is of course not positively known. It would require at least two days marching for the enemy to reach the Bull Run battle ground.

(*Times* Washington despatch:) A couple of deserters from Stuart's cavalry force is at Warrenton 12,000 strong and Lee's Army is massed in the Shenandoah Valley near Port Royal or somewhere between that point and Winchester.—It consists of four Corps commanded by Longstreet Ewell, A. P. and D. H. Hill and numbers about eighty thousand men. The forces which were sent to Martinsburg and Winchester to capture our forces there have returned to the general rendezvous. They also state that the whole army is preparing to march and will propably try to turn Gen. Hooker's right flank, and cross into Maryland. The rebel soldiers have little confidence in the success of this movement, remembering with wholesome fear the ill success attendant upon a similar movement last fall.

MORE OF THE INVASION.

McCONNELLSBURG, Pa. June 19.

A detachment of Gen. Jenkins forces of mounted infantry, under the command of Col. Ferguson entered this place at 4 o'clock this morning. The rebels opened all the stores, helping themselves to boots, shoes, provisions and every thing else they could possibly carry away. The town was so completely taken by surprise that the citizens were unable to hurry their horses to a place of security and large numbers of them fell into the hands of the rebels.

The rebels also drove away about twelve thousand dollars worth of cattle. One of the rebels in attempting to capture a horse was shot through the neck by some unknown person and this so exasperated his companions that they threatened to burn the town, but finally desisted. The rebels completely gutted the telegraph office, carrying away with them the instrument and all the messages. The telegraph operator succeeded in making his escape. After the rebels had collected all their plunder and were ready to evacuate the place the Col. commanding the rebels made known to the citizens that he was ready to any claims for the recovery of horses, cattle, provisions &c., Many applied for the return of their property but for the most part were unsuccessful until a number of ladies came forward and interceded with the rebels, when a portion of the lost property was restored.

CASUALITIES.

NEW YORK, June 20.

The following are additional casualities in the Cavalry Fight at Aldies, Va. 1st Maine Cavalry Sumner A. Holway, Co. H ankle: Capt. G. J. Summat, Co. H killed: Jas. A. Heard, Co. H killed; Lt. Perry Homan, Co I hip; Col. Doty, killed; E. D. Dunbar, do.

First Massachusetts Cavalry, E. Smith, Co. A left wrist; Joseph L. Brockway, leg; F. A. Kelley, Co. B hand; H. L. Vinton, Co. G head, slightly; Daniel L. Sullivan, Co. G slightly; Major H. L. Hugginson, knocked up generally, and head; J. O. Fall, Co. G killed; O. S. Smith, Co. G killed; Capt. T. J. Hamilton, hip; D. S. Shannon, Co. D head, dangerously; James Roberts, Co. A hip badly; Edwin A. Parker, Co. H head.

The rebels retreated in the direction of Hancock, but where they may next turn up it is impossible to say. A number of boquets were presented to the rebels by sympathysing ladies and it was principally these that received back their horses, cattle &c.

STILL LATER.

FREDERICK, Md. June 19.

All is quiet here. A stage which left here for Hagerstown this morning and got as far as Boonesboro was stopped by rebel cavalry. The number of the rebel forces is not stated. All is quiet at Harpers Ferry. Twenty of White's rebel cavalry, were captured last night at the Point of Rocks by our troops. Trains run from Frederick to Baltimore to-day. Many refugees have retreated to Fredericks.

NEW YORK, June 20.

THE REBELS IN PENNSYLVANIA.

PHILADELPHIA, June 20.

The *Inquirer* of this city has the following special despatch:

HARRISBURG, June 19.

The rebel infantry are now in Hagerstown, 4000 strong. The rebel force at Williamsport is much greater. This morning the rebels brought all their stores and baggage to this side of the Potomac with the purpose of making that their base of operations for an extensive raid into Pennsylvania.

POSTSCRIPT.

TWO O'CLOCK.

NEWS FROM BURNSIDE.

HEADQUARTERS, CINCINNATI, June 19.

To Maj. Gen. Halleck, General-in-Chief:

General Stetson informs us that Col. DeCorrey with part of the 10th and 14th Kentucky cavalry and 8th and 9th Mich., cavalry cut off at Triplets Bridge the body of rebel cavalry that made the raid upon Marysville. We killed and wounded many of the rebels and took over 100 prisoners, including one Captain and two Lieuts. and recaptured all the property stolen at Marysville. The rebels are broken to pieces and may be destroyed altogether as our people are hunting them up.
(Signed,) A. E. BURNSIDE, Maj. Gen.

NEW YORK, June 20.

The foregoing official despatch was filed in the Washington telegraph office yesterday, but was suppressed by the Acting Sup't who forwarded a despatch of his own.

FROM THE GRAND ARMY.

NEW YORK, June 20.

The correspondent of the *Times* dating "On the march," Virginia, June 18th says: The Army of the Potomac is progressing with huge strides toward the supposed position of the enemy. A fearful collision cannot be avoided many days longer. Weather horribly hot, the air filled with dust, and the brave men suffer, but they march with a velocity, such as has never before been known. One day has been spent since Saturday to let all the corps get up well in hand, and the whole army is now pushing forward with great rapidity.

On Monday Gen Hooker with his staff and train broke camp at 3 o'clock and before sundown were in a new camp twenty-five miles distant.—Everything is reduced to the very lightest marching order. Trains are cut down and wagons and baggage are being reduced to a smaller limit than ever before. Yesterday Gen. Hooker ordered his staff and the members of all the staff Departments at headquarters to dispense with all their baggage including valises, carpet bags, &c., and they were sent to the rear to-day. All they take is a change of under clothing. Headquarters goes in lighter orders than anything else. Nothwithstanding the intense heat there is very little straggling. A strong Provost guard of cavalry being upon the rear of each corps, and everything moves with great vigor. A couple of days after the late cavalry fight Gen. Plessanton's Command made a requiston for twenty grindstones with which to grind up their sabres. This is a positive fact, and illustrates very pointedly the nature of the contest. Hand to hand, it was in earnest.

Medicines.

"COPYRIGHT SECURED."

GREAT INDIAN REMEDY
FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, *from any cause*, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES
have now been sold
without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed* to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or office.* ☞ Accommodations for Ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound

For Acute and Chronic Gonorrhea.

This new remedy contains neither Balsam, Copaiba, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable [illegible] to the taste and smell, grateful to the [illegible] cleansing and healing in its operation and [illegible] ing all heat and irritation in the urinary [illegible] therefore, who have been swallowing [illegible] paiba, either in capsules or mixtures [illegible] succession, until with pale face and [illegible] your breath and clothes are filled [illegible] throw away the disgusting mixtures [illegible] bottle of this *New Remedy*, which will [illegible] you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $250 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss [illegible]

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Price*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be *the very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above. d18-1y

DURYEAS' MAIZENA

Was the only "preparation for food from Indian Corn" that received a medal and honorable mention from the Royal Commissioners, the competition of all prominent manufacturers of "Corn Starch" and "Prepared Corn Flour of this and other countries notwithstanding.

MAIZENA,

The food and luxury of the age, without a single fault. One trial will convince the most skeptical.—Makes Puddings, Cakes, Custards, Blanc Mange, &c., without isinglass, with few or no eggs, at a cost astonishing the most economical. A slight addition to ordinary Wheat Flour greatly improves Bread and Cake.—It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream nothing can compare with it. A little boiled in milk will produce rich cream for coffee, chocolate, tea &c.

"Put up in one pound packages under the trade mark 'Maizena,' and with directions for use."

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the *foregoing* facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S, Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 4s. to $1, which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 13 cts. and in larger bottles at 25 cts.

CURE FOR PIN WORMS.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great reliability.

It affords Relief in twenty-four hours and an Entire Cure is warranted

when taken according to directions, which accompany each bottle.

THIS SYRUP is also a most valuable family cathartic, to be always used when physic is required, ESPECIALLY FOR CHILDREN. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. IT IS PURELY OF VEGETABLE EXTRACTS, AND ALWAYS SAFE AND RELIABLE.

DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Psychology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an *aura* or aromatic atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro-magnetical principle, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name. Address Dr. O. PHELPS BROWN, No. 19 Grand street, Jersey City, N. J.

The subscribers have become agents of the patent GALVANIZED IRON COFFIN, a new article finished in the most beautiful manner and made of what has proved by years of experience to be *the most imperishable of all materials.*

This article in shape and outward appearance resembles a highly finished rosewood coffin. It is much less awkward, in appearance lighter, more efficient and easier handled than the cast iron coffins which have been in use for several years.
